

Ryan Yan

AI Chinese Trainer | LLM Response Evaluator | Chinese Content QA

Email: yanruiyang517@gmail.com | Native Chinese Speaker | Mandarin, Sichuanese, Wenzhou Dialect | Remote / Freelance / Project-based

PROFESSIONAL SUMMARY

Native Chinese speaker and e-commerce student focused on Chinese LLM evaluation, AI response quality review, and localization. Strong at assessing Simplified Chinese outputs for instruction following, factual accuracy, fluency, tone, cultural nuance, and user intent. Hands-on practice using AI tools to compare responses, refine prompts, review translations, and audit customer-facing e-commerce content. Seeking AI Chinese Trainer, Chinese Data Annotation, LLM Evaluator, or Search Quality Rater roles.

CORE SKILLS

AI / LLM Evaluation	Chinese response rating, prompt-response review, instruction-following checks, factuality review, hallucination risk detection, answer comparison, concise rationale writing
Chinese Language QA	Simplified Chinese writing, grammar and fluency review, tone control, user intent analysis, cultural context, localization, translation review
Content and Web QA	Product copy review, e-commerce content editing, website text cleanup, SEO wording, customer-facing content consistency, checkout-flow review
Languages and Tools	Native Chinese, Mandarin, Sichuanese, Wenzhou dialect, English CET-4, AI tools, ChatGPT/LLMs, Shopify, Microsoft Office, basic web research

RELEVANT PROJECTS AND EXPERIENCE

Chinese LLM Response Evaluation Practice

Independent practice | 2025 - Present

- Evaluated Chinese AI responses for accuracy, completeness, instruction following, natural wording, tone, and usefulness.
- Compared multiple AI answers and identified issues such as hallucinated details, vague wording, overclaiming, weak reasoning, and unnatural translation.
- Wrote clear rating rationales explaining why one response is stronger, safer, more helpful, or more aligned with the user request.
- Practiced prompts for Chinese writing, translation review, summarization, business copy, Q&A, and step-by-step reasoning tasks.

Cross-border E-commerce Content and Website QA

Personal project: AuraNode Store | 2026 - Present

- Created and revised English product descriptions, category text, homepage copy, shipping messages, and trust/checkout wording for a US/Canada-focused Shopify store.
- Audited pages for outdated terms, inconsistent claims, unclear wording, localization problems, product-content mismatch, and checkout-flow issues.
- Used AI-assisted workflows to improve content while checking that final copy remained accurate, natural, and supported by available product information.
- Built practical judgment around customer intent, product search behavior, online shopping trust signals, and quality-control details in digital content.

E-commerce Academic and Practical Work

Nanchang Jiaotong Institute | 2023 - 2026

- Studied e-commerce operations, online marketing, product positioning, digital business basics, and customer communication.
- Applied coursework to online store setup, product page optimization, product copy review, and user-facing content improvement.

EDUCATION

Nanchang Jiaotong Institute	College Diploma / E-commerce Program Sep 2023 - Jun 2026
-----------------------------	--

CERTIFICATIONS AND ADDITIONAL STRENGTHS

- College English Test Band 4 (CET-4); National Computer Rank Examination Level 2; C1 Driver License.
- Comfortable with written, asynchronous work; detail-oriented when following guidelines, comparing outputs, and checking edge cases.
- Strong understanding of Chinese internet wording, conversational tone, simplified Chinese fluency, and dialect-related language nuance.

Target roles: AI Chinese Trainer, Chinese Data Annotator, LLM Response Evaluator, Chinese Content Reviewer, Search Quality Rater, Localization Reviewer.
